🔗 Portfolio

Profile

Front End Developer with 2 years of experience building responsive, user-friendly web applications using Angular, ReactJS, HTML, CSS, and Tailwind. Skilled in translating Figma designs into clean, reusable code and integrating APIs for dynamic functionality. Strong collaborator in Agile teams, focused on delivering modern UI with performance and accessibility in mind. Currently based in Abu Dhabi, open to UI/UX designer opportunities

Professional Experience

L1 Full Stack Developer, *Saasyway*   2025
                                                           Remote
- Built and launched 20+ responsive WordPress websites using Beaver Builder and Elementor.
- Designed and deployed high-converting sales funnels using GoHighLevel Sites for client campaigns.
- Automated lead generation workflows through email and SMS campaigns in GoHighLevel, increasing qualified leads by 30%.
- Led UI/UX improvements using Figma, resulting in a 25% boost in user task completion and engagement.

Angular Developer Intern, *PDS - EY GDS*   2024
                                                           India
- Assisted in building and styling responsive web pages using Angular and Bootstrap.
- Supported front-end development tasks such as form creation, UI components, and routing.
- Collaborated with the development team to debug issues, update UI elements, and test features.
- Participated in code reviews and team discussions to improve app performance and user experience.

Web Designer, *GJ Infotech P Ltd*   2018 – 2019
                                                           India
- Designed and developed responsive websites from scratch using HTML5, CSS3, JavaScript, and Bootstrap, ensuring cross-browser compatibility and mobile optimization.
- Collaborated with clients to gather requirements, define visual direction, and implement cohesive brand identities across digital assets.
- Optimized website performance by compressing assets, minifying code, and improving load speeds—resulting in a 50% reduction in average page load time.
